WELCOME FROM

DEER GENETICS NZ LTD

Hello and welcome to our 2020 2yr old sire stag and hind sale.

What a difference 12 months makes after last year with 70 days of rain and overcast weather as the stags were pushing up their antlers. This year we have had a fantastic antler growing season. Plenty of quality feed with warmth and sunshine.

Summer at DGNZ

We are proud of our selected sire stags on offer here today. If you look at the pedigrees most of the stags on offer are either recreations or sons of what the industry would call young sires. The Zafarai DG, Prometheus DG and Cleomenes DG sons are the first of our next generation sires to be sold into the industry and from what I'm seeing in the paddocks, the impact they will make on the trophy market will be astounding.

Lot one today is a special offering Cleomenes DG was sold in our 2017 stag sale to Mr S Schwitzer, he has decided to offer him here for sale. We have an outstanding (at catalogue time) son of Cleomenes DG on offer here 7031 lot 6.

Cleomenes DG @ 5yrs

Lot 6 7031 in this catalogue

Megatestes DG @ 3yrs

Lot two 6117/16 Megatestes DG is a taste of what we have been working quietly on in the background. Scoring 391 at 2 year Megatestes is our first 10kg 3 year old velvet stag. Megatestes DG suffered pedicle damage as a spiker. As a 2yr old, his right brow was separate from the rest of his velvet. This year at 3yrs, the brow has fused together but as you will see from his velvet head, his right brow trifurcates as does his right trey. This is a direct result of the pedicle damage and we would expect this to improve.

The live weights on the 2yr stags had to be assessed as the scales were not working. The 1yr females were on another property and their weights are accurate.

With no more fast post and catalogues taking up to 10 days for clients to receive we have decided to catalogue a week earlier than normal. As a result we have catalogued 17 two year sire stags. We anticipate putting 10 to 12 up for sale and we may change the catalogue order as you will see by the photos the stags are not developed enough to make a definitive call on them.

Highlights of note in the past 12 months,
Phantasos won the sire of three at the Xcell rising stars down in Dunedin. Cleomenes won the peoples choice award scoring 630 at 4year. Zzivar won the 3 year old HA class and Zafarai was our highest scoring 4 year old to date at 747 at 4 year and was placed third at the same competition.

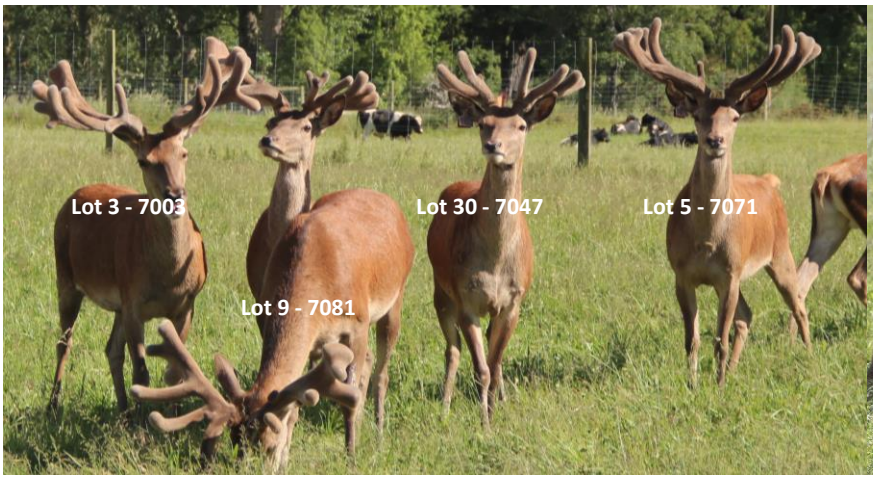
Zzivar @ 3yrs

DGNZ 1st place Sire of three at 2019 Rising Stars Competition.

A big thanks to the team here at Deer Genetics, Wendy, Jerusha, Felicia, George, Geoff, Quinn and our Scottish import Cameron without your efforts we wouldn't be here today. All the best for 2020 and a merry Xmas to all.

WELCOME FROM

DEER GENETICS NZ LTD



Conditions of Sale

1. **The sale will be conducted by Deer Genetics NZ Ltd.**
2. **Each lot becomes the purchaser's property and risk at the fall of the hammer.**
3. **Warranties and Insurance are covered under separate headings.**
4. **Terms are strictly cash unless prior arrangements are made with the auctioneer/vendors. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.**
5. **The sale is conducted exclusive of GST.**
6. **A buyers commission of 4% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements [No later than24hrs prior to sale] are made with Deer Genetics NZ Ltd or the Auctioneer.**
7. **Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.**
8. **No animals, embryos or semen sold by Deer Genetics NZ Ltd, any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to any third party without the written permission of Deer Genetics NZ Ltd. This condition does not affect normal commercial deer farming or stud farming or their normal sales of semen or embryos as it only applies to entities with the primary function or commercial semen/germplasm activity.**

In addition, any sales of any animals, embryos, germplasm or semen sold by Deer Genetics NZ, that the purchaser agrees to include the following clause as a condition of any subsequent sale of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party – "the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale of any animals, embryos, semen or germplasm."

DNA Verification

Our whole herd is DNA tested.

Insurance

Insurance will be available from FMG on the day

TB Status

DGNZ has a clear C10 status. Last test 13/05/2019

Phantasos DG

Son of Morpheus DG out of an Odysseus DG Daughter

Phantasos DG
669 @ 4yrs

Proof of a great stag is when his progeny are better than himself.
The Phantasos - Huneric crosses we are producing are spectacular, indicated by the fact that of the first crop of sons 4 out of 8, who were kept as sire stags, are Phantasos sons out of Huneric daughters.

Age: 5yr

Cleomenes DG @ 5yrs

Cleomenes DG @ 4yrs
Peoples Choice Winner 2019
National Rising Stars Comp.

Cleomenes DG @ 3yrs

Breeder's Comments:

2yr: Cleomenes DG dam 9308 also produced Leonides DG who scored 373 @ 2yrs. Cleomenes DG scored 406 @ 2yrs with a combined T3 measurements over 80 inches. Cleomenes DG was very dominant during the roar.

3yr: Almost picture perfect antlers. Great tyne placement, massive multi outward flowing T4s with full crown development above. Stunning stag, massive spread. Cleomenes scored 549 @ 3yrs

4yr: We cut Cleomenes DG 4yr head as HA @ 21.5kg. Cleomenes DG won Peoples Choice award in the 2019 National Rising Stars Competition.

5yr: This year, Cleomenes DG is looking stunning. Massive main beam length, awesome outward flowing T4's and great crown point length. Cleomenes DG will be a great addition to any sire paddock.

Weight:	~150kg 5 Dec 2019

Breeder's Comments:

7067 has a great beam and a massive head developing. It is too early to tell but he will have lots of extras coming on his head. Stag 7067 is a full brother to Zafarai DG who scored 747 @ 4yrs ranking right up there with the best we have ever bred. Zafarai DG won 3rd place in 2019 for his 4yr head at the National Rising Stars Competition and 3rd place for 2yr hard antler in 2017 at the regional competition. Dam line is anchored by Hannibal's dam and hind 4038 who produced 2034 lot 2 in 2015 sale, 9019 lot 38 and 9032 lot 14 in 2012 sale.

451 @ 5yrs

Lot 17 Tag: 7351

Age:	2yr
Weight:	~160kg 5 Dec 2019

Breeder's Comments:

Super wide flat head on 7351. At cutting stage 5 Dec 19, too early to tell but should be a great trophy sire as everything looks like it will flow outwards.

Breeder's Comments:

Good beam and great tyne placement. Kickers developing above T3 right. Hannibal DG's full sister 7248 is the grand dam of 7006. She produced some of our best sires such as Genghis DG 528 @ 5yrs, Imbrius DG 702 @ 5yrs and Hypnos DG 438 @ 2yrs. She also produced Lot 3 in our 2017 stag sale 3386. 7006 is sired by Prometheus DG 700 @ 3yrs.

Lot 46 5 x Prometheus DG semen straws

Prometheus DG 479 @ 2yrs

Prometheus DG 479 @ 2yrs

Prometheus was our highest scoring two year old, coming in at 479 with 21 x 19 points. Awesome span of 27 inches and a main beam of 28 ½ inches. 15 inch T1's, 14 and 16 inch T2's with 18 and 19 inch T3's. Droppers off the base of quadrifurcated T4's make Prometheus a very attractive outward flowing style of head. Huge scoring pedigree in Prometheus with sire Phantasos DG 669 at 4year old, Huneric 709 at 9 year old and Odysseus scoring over 700. Prometheus DG scored 700 @ 3yrs. 5 straws of semen on offer. No restrictions.
