# WELCOME FROM DEER GENETICS NZ LTD

Hello and welcome to our annual 2021 2 year old sire stag and hind sale.

Once again we are proud of our selected sire stags on offer here today. If you look at the pedigrees most of the stags on offer are sons of what the industry would call young sires. Last year the Zafarai, Prometheus and Cleomenes sons were very impressive. They were the first of our next generation sires to be sold into the industry and from what I am seeing in the paddocks, the impact they will make on the trophy market will be astounding. This year is the first of the Jack sons to come of age and he is certainly leaving his mark.

We have catalogued 12 two year sire stags and anticipate putting 8 or 9 up for sale and we may change the catalogue order as you will see by the photos the stags are not developed enough to make a definitive call on them.

Jack DG @ 5yrs

We retained 3 new sires last year

Antiochus the Great @ 3yrs

Epimetheus @ 3yrs

Deucalion @ 3yrs

A Zafarai son from a Leonides daughter we called **Antiochus the Great**.  
32 x 29 points & scoring 573 @ 2yr.

A Full brother to Prometheus we called **Epimetheus**.  
27 x 36 points & scoring 530 @ 2yr.

And **Deucalion** who is a Prometheus son from a full sister to Brusniss.  
28 x 26 points & scoring 499 @ 2yr.

Moving with the times we have QR codes on the stag's pages. By scanning this with your mobile phone camera it will take you directly to a video we took of the stags in the shed at selection time. Don't be scared to give it a go as the video quality is surprisingly good. There is one QR code per stag Lot.

This is a QR code.  
Scan it now to visit  
our website!

**Step 1** - Open the camera on your phone.

**Step 2** - Hold your device over the QR code so it is clearly visible within your smartphone's screen.

**Step 3** - If necessary, press the button that pops up on your screen. This will take you to a video link corresponding to the page Lot number you are viewing.

A big thanks to the team here at Deer Genetics, Wendy, Jerusha, Felicia, George and Ellarose without your efforts we wouldn't be here today. All the best for 2021 and a merry Xmas to all.

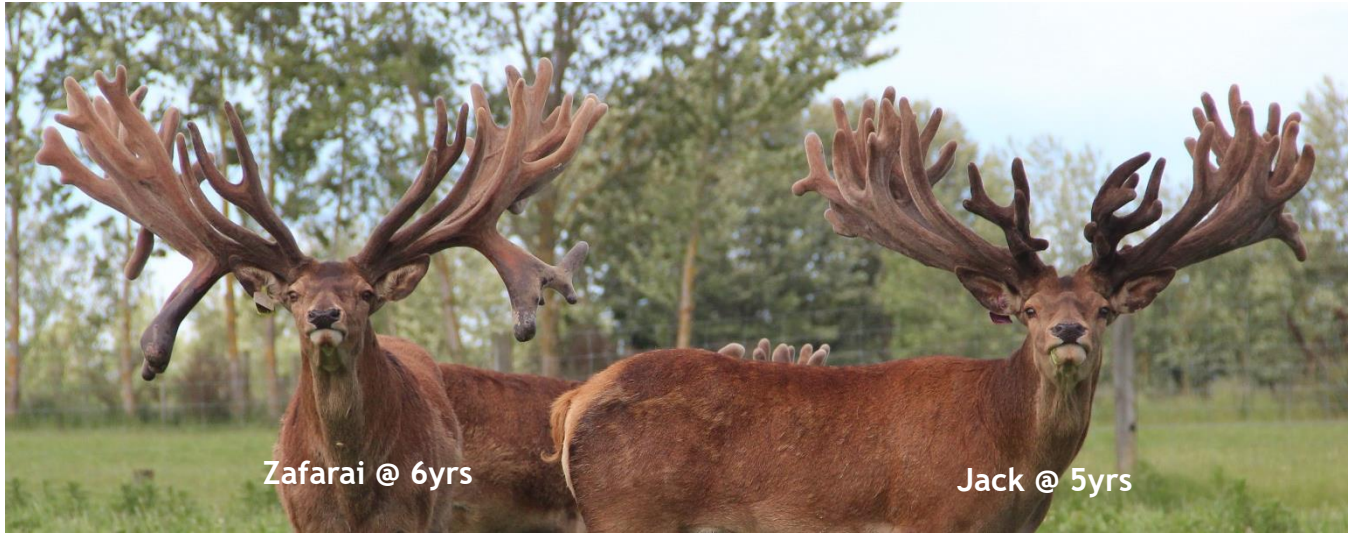

The DGNZ team  
celebrated Christmas  
2020 with a 7 course  
Teppanyaki night!

Pixie had a white  
baby named prince!

# WELCOME FROM DEER GENETICS NZ LTD

## Conditions of Sale

1. The sale will be conducted by Deer Genetics NZ Ltd.
2. Each lot becomes the purchaser's property and risk at the fall of the hammer.
3. Warranties and Insurance are covered under separate headings.
4. Terms are strictly cash unless prior arrangements are made with the auctioneer/vendors. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.
5. The sale is conducted exclusive of GST.
6. A buyers commission of 4% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements [No later than 24hrs prior to sale] are made with Deer Genetics NZ Ltd or the Auctioneer.
7. Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.
8. No animals, embryos or semen sold by Deer Genetics NZ Ltd, any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to any third party without the written permission of Deer Genetics NZ Ltd. This condition does not affect normal commercial deer farming or stud farming or their normal sales of semen or embryos as it only applies to entities with the primary function or commercial semen/germplasm activity.

In addition, any sales of any animals, embryos, germplasm or semen sold by Deer Genetics NZ, that the purchaser agrees to include the following clause as a condition of any subsequent sale of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party - "the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale of any animals, embryos, semen or germplasm."

### DNA Verification

Our whole herd is DNA tested.

### Insurance

Insurance will be available from FMG on the day

### TB Status

DGNZ has a clear C10 status. Last test 17/05/2020

## Jack DG

Jack DG @ 5yrs

Jack DG @ 5yrs

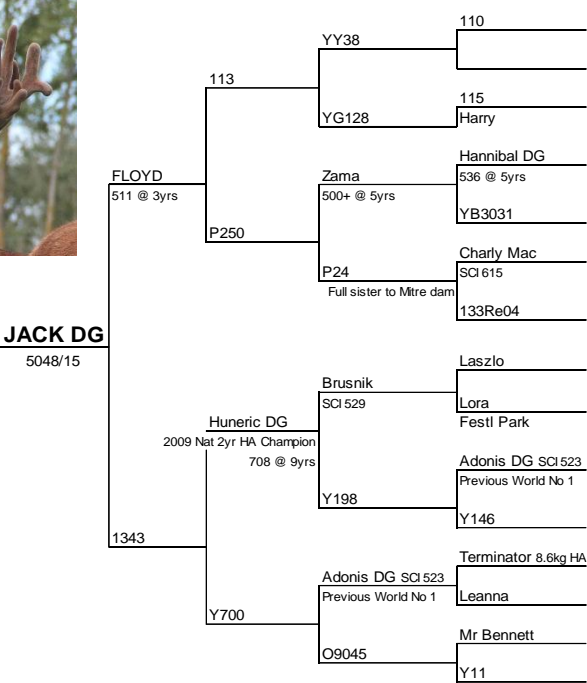

A monster of a stag. At 2yrs, Jack DG had quadrifricated T1's, extra long beys and treys. He had a massive head on him with a 29.5 inch main beam length. Jack's dam 1343 is also dam to stag 4033 who was sold in our 2017 sale as a 2yr old. Grand Dam 700 is a super Dam to our stud, being used as a donor in 2013 and 2014. She constantly produces high quality stags. Jack is producing sons that have the WOW factor with the width and style.

Jack DG @ 2yrs

Jack DG @ 2yrs

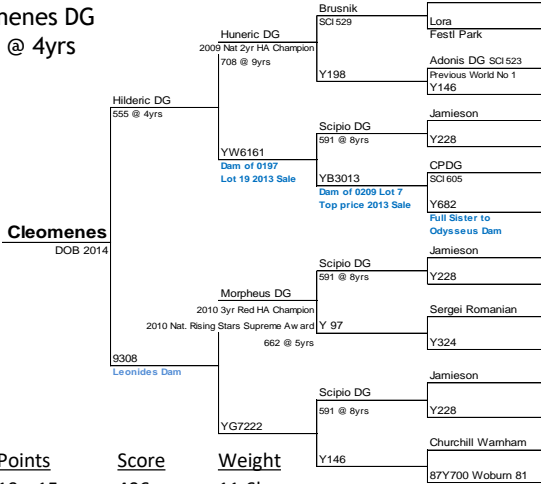

Age	Points	Score	Weight
2	24 x 21	441.25	11.4kg
4	32 x 29	664	

## Cleomenes DG

Cleomenes DG  
630 @ 4yrs

Son of Hilderic DG out  
of dam of Leonides

2	19 x 15	406	11.6kg
3	23 x 22	549	
4	23 x 21	630	21.5kg

## Phantasos DG

Phantasos DG  
669 @ 4yrs

Son of Morpheus DG  
out of an Odysseus DG  
Daughter

Proof of a great stag is when his progeny are better than himself. The Phantasos - Huneric crosses we are producing are spectacular, indicated by the fact that of the first crop of sons 4 out of 8, who were kept as sire stags, are Phantasos sons out of Huneric daughters.

Age	Points	Score	Weight
1	14 x 15	273	4.6kg

8133/18 @ 2yrs

8133/18 @ 2yrs

Breeder's Comments:

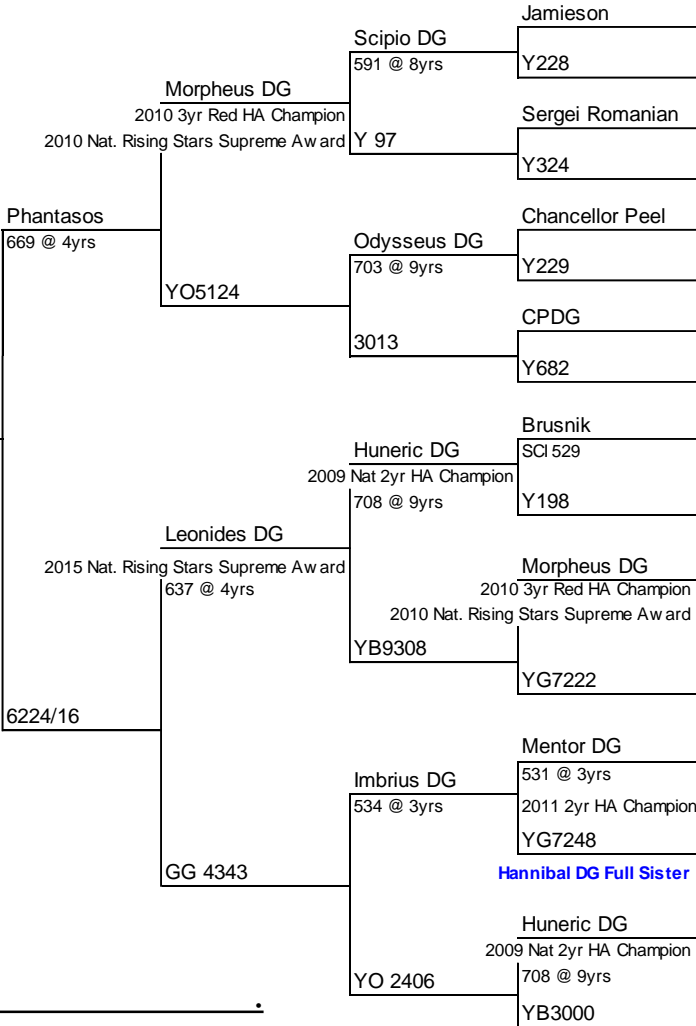

Splitting brows, super strong multi T3s developing. Crown points are developing like a cauliflower head ready to explode. Good width too. We can't wait to see him sale day. 8133/18 is our of a 1<sup>st</sup> calver who is out of a 1<sup>st</sup> calver. Rapid genetic gain.
